RELEVANT EXPERIENCE

THE IRON YARD | Full-Stack Web Development   MAY 2017 - AUGUST 2017

The Iron Yard is a 12-week immersive coding school. Coursework included HTML/CSS, Javascript, Node.js, Express.js, MongoDB, SQL, PostgreSQL, React.js, Redux.js.

ZERO FOCUS | Podcast   MAY 2016 - PRESENT

Work with a team of co-hosts. Schedule recording sessions. Strategically plan topics for current interest of listeners. Worked with the team to systematically aggregate information into a condensed outline for efficient topic discussion.

VOLUNTEER

SKETCH CITY | Harvey Needs Tech Volunteer   AUGUST 2017 - PRESENT

After Hurricane Harvey hit, Sketch City came forward to help build tech solutions for real world problems. I worked on several projects with other volunteers.

PROJECTS

www.texasrescuemap.com   github.com/taylorcgaines/texasrescuemap

Parse App that brings in GoogleMaps API for volunteers and people that needed rescuing after Hurricane Harvey. The project was later pivoted to serve those that needed help cleaning/demolishing the flooded infrastructure of their houses and renamed TexasMuckMap.

my.harveyneeds.org   github.com/taylorcgaines/harvey-p2p

Node/Express app that bundles together a web form, a SMS bot (Twilio), a FB bot, powered by Google Sheets and Zapier and Humans to match those who have needs with those who wish to help, but aren't sure how.

PREVIOUS WORK EXPERIENCE

TEXAS COFFEE TRADERS | Administrative Assistant   2014 - 2017

Helped the office run smoothly and efficiently. Managed the purchasing of supplies whenever needed. Assisted with data entry and organization. Planned holiday parties and employee socials.
